Starting Microsoft Word

In this lesson, you will learn how to start Microsoft Word.

1. Look for \(\text{Start}\) to click.

2. Look for Programs to click.

3. Look for Microsoft Office to click.

The steps look like this:

You can click here to watch an animated online demonstration. Note: As soon as the demonstration starts to play, you must scroll down to the bottom in order to see all the animation and to use the controls at the bottom of the screen.
